MACEDONIA'S FORGOTTEN DOGS

Happy

Female - spayed

2.5 years old approx

Happy was rescued from a big military compound near the Skopje airport, she was constantly giving birth to litter after litter which were then thrown away each time after birth. She was spayed shortly after we took her. 4D test showed she was positive for anaplasmosis, blood check looked good, she got a round of doxycycline for 28 days and is now healthy. She has a very nice character, shy at first, yet relaxes fast with cuddles.

MACEDONIA'S FORGOTTEN DOGS

Donna
Female - spayed
4 years old approx

Donna was rescued in a very bad condition, she was just skin and bones because she had no food and had to take care of five puppies that were around three weeks old at the time. She had suffered some injury to her right eye which has left her permanently blind in that eye. At point of rescue, 4D test showed she was positive for ehrlichiosis and she was slightly anemic according to the blood check, PLT were normal. She was treated with doxycycline for 28 days, she's been thriving ever since and now she is a chubby happy lady. She is a very sweet girl who at the start is shy and scared as she has suffered on the streets for a while before she was rescued yet relaxes fast with love, food and care. She is good with other dogs yet doesn't like to share her food with them.

MACEDONIA'S FORGOTTEN DOGS

Mocart

Male - neutered

2 years old approx

Mocart was found in Prilep, a small town in central Macedonia. He was unable to walk with his back legs, so we took him to a vet in Skopje. We thought he had a broken spine, luckily it turned out he had botulism. He lived near a landfill site where he ate some rotten meat and contracted botulism. He stayed at the vet clinic until his treatment finished and he got back up on his feet. He has a very nice character, enjoys cuddles and walks. With some dogs he is good with some he is not, he probably has bad experience on the street with other dogs.

MACEDONIA'S FORGOTTEN DOGS

Sophia

Female - spayed

1.5 years old approx

Sophia was found as a puppy abandoned on the street and has lived all her life at our shelter since then. She is great with people and other dogs, loves attention and is a very good, well behaved lady.

MACEDONIA'S FORGOTTEN DOGS

Mia
Female - spayed
2.5 years old approx

Mia was rescued from the streets of Vinica, a small town in eastern Macedonia, she was in season and a pack of male dogs were chasing her. She was neutered shortly after she was brought to Skopje. Several months later 4D test showed she was positive for anaplasmosis and heartworm, she underwent full treatment for both, doxycycline, shots of immiticide, the protocol being 28 days of doxycycline, first shot of immiticide on the 29th day, then a four week course of decortine, a shot of immiticide the following day and the last one the day after that and finally another four week course of decortine. Her full therapy finished around February 2022. Recently she started having blood in her pee, urine check showed presence of crystals and a bacteria, blood check and biochemistry showed all is fine, she got a two week course of enroxil antibiotic, urinary tract supplements and she's on royal canin urinary food ever since, no blood in the urine at the moment, recent urine check for bacteria and crystals pending.

Although her medical chart seems full she is a perfect cheeky dog, extremely smart and always up for cuddles, very good with people and children.

MACEDONIA'S FORGOTTEN DOGS

Lola

Female - spayed

1 year old approx

Lola was found at a pay toll station (E-Toll) in the middle of a motorway, she was curled on the cold pavement full of ticks, skinny, shy and scared. She was treated at the vet and is thriving ever since. She is shy, yet very friendly once she knows you.

MACEDONIA'S FORGOTTEN DOGS

Kaya

Female

1 year old approx

Kaya & Grace are two sisters, Buba's daughters. They are active and smart dogs, would need some time to adjust in the beginning as they grew up in the shelter, they are good with the other dogs. Ideally they would need an active family with a garden and preferably another playful dog to spend energy with.

MACEDONIA'S FORGOTTEN DOGS

Jenny
~3 years

Jenny
Female - spayed
3 years old approx

Jenny was rescued together with three puppies from a smaller military compound near Skopje. At rescue a 4D test showed she was positive for ehrlichiosis, the blood check showed lowered PLT values. She was treated with doxycycline for 28 days, blood check and biochemistry was done later which showed normal values. She has an amazing cheeky character, enjoys attention and cuddles, very smart, good with people, children, dogs and cats; she will just not share her food with other animals under any circumstances; even if she is not hungry she will stay next to the food and guard it so no other dog has it.

MACEDONIA'S FORGOTTEN DOGS

Lord

Male

4 years old approx

Lenny and Lord are brothers, they were rescued as young puppies, they never got a chance for a home and grew up in the shelter. They are loving and obedient, good with other people, good with other female dogs, yet not so good with the other males in the shelter. 4D done around a year ago which was negative to all four diseases.

MACEDONIA'S FORGOTTEN DOGS

Lenny

Lenny

Male

4 years old approx

Lenny and Lord are brothers, they were rescued as young puppies, they never got a chance for a home and grew up in the shelter. They are loving and obedient, good with other people, good with other female dogs, yet not so good with the other males in the shelter. 4D done around a year ago which was negative to all four diseases.

MACEDONIA'S FORGOTTEN DOGS

Hatchi

Female - spayed

2 years old approx

Hatchi was rescued from Vinica with a terrible injury to her left front leg. The vet check in Skopje confirmed there was no hope for the leg, nerve damage and advanced infection so it had to be amputated. 4D test was clear, the blood check was bad low RBC high WBC, now after around a year she is a healthy happy big tripod dog. She loves people and cuddles, good with other dogs, although dominant with food around.

MACEDONIA'S FORGOTTEN DOGS

Meddy

Female

2 years old approx

Meddy was rescued with an old broken front leg, x-ray showed it had healed with excess callus was created. Surgery was done to remove the excess callus, the vet said there was no need to break the bone and reconnect it as it had healed well. She has a sweet character, likes the company of people more than other dogs; it's likely she has had bad experiences on the street with other dogs.

MACEDONIA'S FORGOTTEN DOGS

Simba

Male

1 year old approx

Simba was unwanted by the owner who took him as a three week old puppy because his mother had died. The owner expected that he would grow to be a very large size dog, like a Kanga so he had his ears cropped when Simba was around five months old, but when the owner realized that Simba grew up to look more like a Labrador than a Kangal he was unwanted. He is an active and loving cheeky boy, very smart and enjoys attention from everyone he meets.

MACEDONIA'S FORGOTTEN DOGS

Lija

Female - spayed

1.5 years old approx

Lija was rescued with two other puppies at just two months old from the streets of Crnik, a small village in eastern Macedonia, she was very skinny and full of parasites. She is now around 1,5 years old and has grown up to be a beautiful dog. She is a very sweet and obedient dog.

MACEDONIA'S FORGOTTEN DOGS

Lino

Male

1 year old approx

Lino was thrown here in the village in January, he was sleeping on the cold ground in front of a neighbour's gate and I decided to take him in. He has a very sweet character, good with people and other dogs.

MACEDONIA'S FORGOTTEN DOGS

Lala

Female - spayed

3 years old approx

Lala was rescued from the streets of the village Crnik, she was constantly giving birth to litters and barely getting by for food, she was pregnant when taken, spayed shortly after. 4D test showed she was positive for anaplasmosis, she was treated 28 days with doxycycline. She has an amazing character, very sociable with people and children, loves attention and cuddles constantly, good with other dogs, not so good with cats, she chases them.

MACEDONIA'S FORGOTTEN DOGS

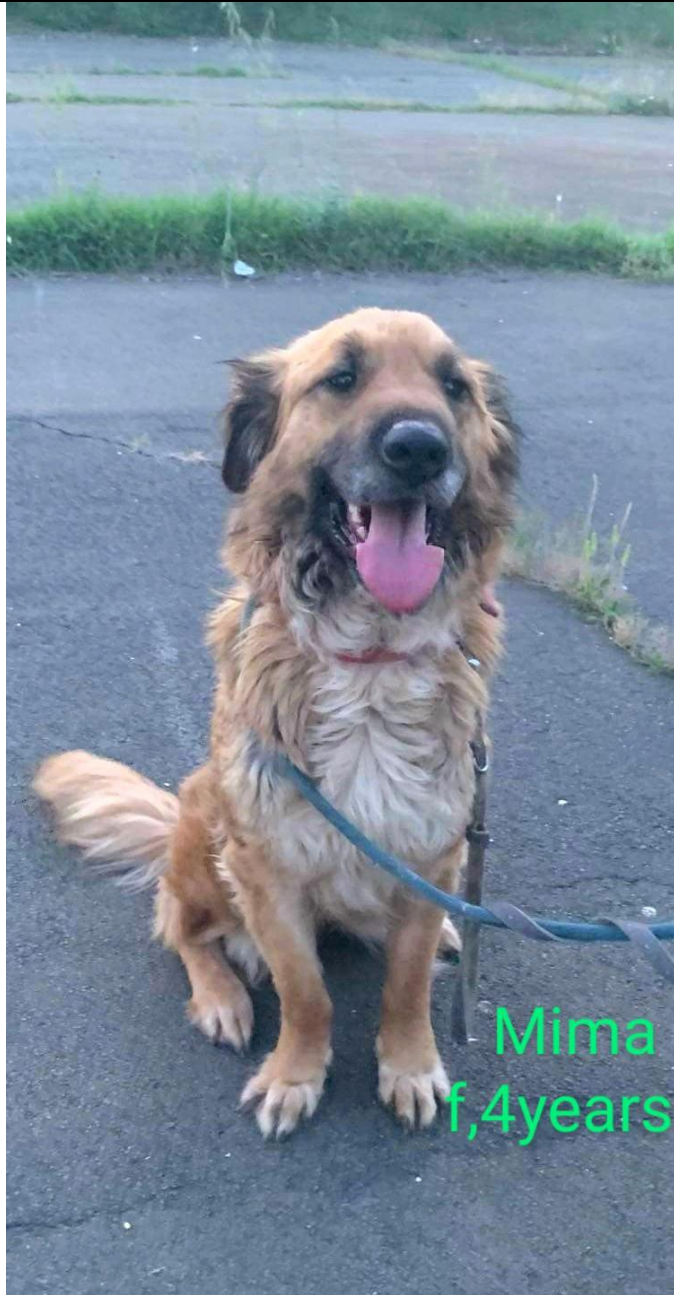

Buba

Female - spayed

2 years old approx

Buba was rescued from a very bad situation, she is a hunting dog, she was chained from an early age, given very little food and water, then she got pregnant and gave birth to two puppies (Kaya & Grace), I was asked to help with the puppies but I ended up buying Buba from her owner for 100eur as I couldn't leave her to live like that. She is an extremely smart and loyal dog yet very sensitive at the same time, she is shy and scared when she meets someone for the first time, yet relaxes once she knows you. She enjoys the company of other dogs and loves to play with all dogs. The perfect home for her would be a quiet and calm family with preferably one more dog..

MACEDONIA'S FORGOTTEN DOGS

Mima

Female - spayed

4 years old approx

Mima has spent all her life on the street giving birth to many litters of puppies, she was rescued heavily pregnant and gave birth in the shelter, unfortunately all the puppies died. 4D test showed she was positive for ehrlichiosis, she was treated with doxycycline for 28 days. She has a very nice character, she is playful and loves people and children, she is very good with other dogs.
